The table has ended. There now follows a table with horizontal borders

Header 1	Heading 2
Data item 0	Data value
Data item 1	Data value
Data item 2	Data value
Data item 3	Data value
Data item 4	Data value
Data item 5	Data value
Data item 6	Data value
Data item 7	Data value
Data item 8	Data value
Data item 9	Data value
Data item 10	Data value
Data item 11	Data value
Data item 12	Data value
Data item 13	Data value
Data item 14	Data value
Data item 15	Data value
Data item 16	Data value
Data item 17	Data value
Data item 18	Data value
Data item 19	Data value

And now a table demonstrating column spanning and underlining on alternate rows

Header 1	Heading 2	Header3
Data item 0	Data value	Data value
Span	This text spans two columns	
Data item 1	Data value	Data value
Span	This text spans two columns	
Data item 2	Data value	Data value
Span	This text spans two columns	
Data item 3	Data value	Data value
Span	This text spans two columns	

Header 1	Heading 2	Header3
Data item 4 Span	Data value This text spans two columns	Data value
Data item 5 Span	Data value This text spans two columns	Data value
Data item 6 Span	Data value This text spans two columns	Data value
Data item 7 Span	Data value This text spans two columns	Data value
Data item 8 Span	Data value This text spans two columns	Data value
Data item 9 Span	Data value This text spans two columns	Data value
